

THANK YOU!

Thank you so much for supporting the 2009 Pets in the Park event in support of the Edmonton Humane Society!

This year's event was our biggest and best ever, and while official totals are not yet in, we have definitely smashed any previous fundraising record. About 10,000 people attended as well as hundreds of pets. The weather was picture perfect and the day was fantastic all around.

The silent auction was huge—we ended up with over 180 lots to bid on, and it raised a lot of money to help the animals. Our pledged walkers and runners brought in more money than ever before and participation was at an all time high.

It was definitely our “best ever” Pets in the Park!

On behalf of the animals at the Edmonton Humane Society, I thank you again for contributing to this amazing cause!
